

All Employees-Title Code Hierarchy-Daily

Description:

This report lists all UC System-wide job title codes as well as those that are currently used by UCSC. The job titles are grouped according to the Class Title Outline, a UC-specific hierarchy. Title code counts and FTE are included to demonstrate use at UCSC – this report should not be construed as an official report of employee counts nor FTE for budgeting purposes.

Report Tabs/Views:

- UC Academic Titles
- UC Staff Titles
- UCSC Current Academic Titles Count
- UCSC Current Academic Titles Count

Data Prompts:

- None

Report Limitations:

- Includes
 - All job titles in the Class Title Outline as of the day before the report is run
 - Job titles associated with employee appointments that were effective in PPS the day before the report is run
- Excludes
 - Historical information

Interpreting the Data:

Description of certain data elements:

Count: This is the number of employee appointments associated with a job title code. An employee may be counted more than once if they have appointments with different job titles.

FTE: This is the total "Percent Full time" (also known as appointment percent) for the employee appointments associated with a job title code. This is not the same as the "budgeted FTE".

Customizations:

- Each tab contains a filter that restricts the information to either Academic (CTO Group 0-9) or Staff (CTO Group A-Z) as appropriate.

Cautions:

- This report is based on the "daily" extract from PPS. The data in this report reflects the state of PPS at the end of the business day prior to the day the report is run. Daily extracts are not archived, so it is not possible to run this report as of a specific historical point in time.
- This report contains two queries: One that returns all job titles in the UC Class Title Outline. One that returns job titles currently in use at UCSC. Report writers who modify this report should be careful to edit any similar conditions in both Data Providers as relevant.

This report has passed the UCSC Data Warehouse's Report Certification Process (see http://planning.ucsc.edu/DataMgmt/dwh/bob/corp_docs.htm). Any user customizations that change the dynamics, functionality or purpose of the report negate the certification status. In such event, please remove all marks of certification from each report tab.
