

## All Employees-START and SRF Salary Savings-Monthly

### Description:

This payroll report is for tracking and projecting salary savings resulting from employee participation in the START (Reduced Time) program or the SRF (Salary Reduction and Furlough) program within date ranges you specify.

A duplicate version of this report is also available in the Financial Operating corporate document set.

### Report Tabs/Views:

- START Savings & Projection
- SRF Savings & Projection

### Data Prompts:

- Org Code at any hierarchical level: type in one or more values, or type a 1 to return all values
- Pay period beginning date and ending date

### Report Limitations:

- Includes
  - START and SRF salary expense totals
  - START and SRF salary encumbrance totals
- Excludes
  - Benefits expense totals

### Customizations:

- Each report tab contain filters to separate START from SRF as appropriate

### Cautions:

- The projections are not calculated in the report. They are encumbrance amounts (based on DOPE data) that are fed to the Data Warehouse and FIS Banner on a monthly basis. Encumbrances are calculated through the distribution end date. For indefinite end dates, encumbrances are only calculated through the end of the fiscal year. Encumbrances are not calculated for Stipends. Although some units on campus have elected to not use the encumbrances in FIS Banner, the amounts do still exist in the Data Warehouse and on this report.
- This report is based on the "monthly salary expense" information from PPS (a.k.a. the "DOPE"). Salary expense data is updated once per month - typically by the 5th working day of the following month – not necessarily at the same time the expenses are loaded to the campus financial system (FIS Banner).

This report has passed the UCSC Data Warehouse's Report Certification Process (see [http://planning.ucsc.edu/DataMgmt/dwh/bob/corp\\_docs.htm](http://planning.ucsc.edu/DataMgmt/dwh/bob/corp_docs.htm)). Any user customizations that change the dynamics, functionality or purpose of the report negate the certification status. In such event, please remove all marks of certification from each report tab.
