

Transfer of Payroll Expense Single Transfer by Org Fund

Description:

This report is intended to aid in preparing requests for transfer of payroll expense. It provides payroll expense detail needed to request a transfer, as well as space to fill in required "transfer to" information after it is printed or saved to MS Excel. In addition, a duplicate of the Distribution of Payroll Expense (the "DOPE") report is included as reference. The report is run by Org, Fund, and/or Activity code and details salary and benefit expenses charged to the campus financial system on a monthly basis. This report indicates for the employee paid (1) gross salary; (2) the total salary and benefit charges in detail for the month being reported; (3) any transactions originating from adjustments prepared by the Accounting/Payroll Office, and (4) expense transfer transactions generated from Payroll Expenditure Transfers (EDTS and EDTM transactions).

For alternative formats, see reports titled "Transfer of Payroll Expense Mass Transfers" and "Transfer of Payroll Expense Single Transfer by Empl ID".

Duplicate versions of these reports are also available in the PPS Corporate Document set.

Report Tabs/Views:

- Distribution of Payroll Expense
- Transfer Form – Sorted by ET Month and DOPE Line

Data Prompts

- Any combination of:
 - Org Code at any hierarchical level: type in one or more values, or type a 1 to return all values
 - Fund Code at any hierarchical level: type in one or more values, or type a 1 to return all values
 - Activity Code: type in one or more values, or type a 1 to return all values, or type a 2 to return null/empty values only
 - Either:
 - For one or more four digit fiscal period known as "ET Month", which is a two digit fiscal year followed by a two digit month (July is "01", June is "12"). For example, September 2006 would be 0703.
- OR
- For a range of pay period end dates – start the range with the first date in the first month in case of early end dates.

Report Limitations:

- Includes:
 - The DOPE tab includes FIS Account Codes instead of PPS Sub Code and Object Code. However, the person reading the report can derive the sub code by the second digit following the "P" in the FIS Account Code and the Object Code by the last four digits (Sub 2 and Object 1100 for P21100).
- Excludes:
 - None

Customizations:

- Custom variables exist to calculate the Current Month and Previous Month totals on the DOPE tab.

Cautions:

- This report is based on the "monthly salary expense" information from PPS. Salary expense data is updated once per month – typically by the fifth working day of the following month.
- On the DOPE tab, occasionally expenses appear under an FIS Account that is two digits in length. This two digit code represents expenses for which the object code in the extract from UCOP did not translate to an FIS Account Code. Such occurrences do not match FIS expense data; however, the PPS sub code is derivable.
- A few known data inconsistencies exist between DOPE information and the summed salary and benefit expense amounts in financial reports or in FIS Banner. For specific information about such inconsistencies, see the following webpage: http://planning.ucsc.edu/datamgmt/dwh/available/dope_vs_fis.htm

This report has passed the UCSC Data Warehouse's Report Certification Process (see http://planning.ucsc.edu/DataMgmt/dwh/bob/corp_docs.htm). Any user customizations that change the dynamics, functionality or purpose of the report negate the certification status. In such event, please remove all marks of certification from each report tab.
