

Campus-Headcount Enrollment by Level & Gender-Term

Description:

Summary count of student enrollments by class level and gender for a term. Counts are based on the number of registered students, not students enrolled in courses.

Report Tabs/Views:

- All Enrollments by Level and Gender
- New Enrollments by Level and Gender

Data Prompts:

- A single Term – can select from List of Values

Report Limitations:

- Includes
 - Third Week of a Term
 - Counts of students with a UCOP CSS Official Registration Status of New, Continuing, Returning, or Visiting
- Excludes
 - Students under a “Special Grad Prof Degree” program, such as Network Engineering
 - Students with a UCOP CSS Registration Status other than New, Continuing, Returning, or Visiting

Customizations:

- A custom variable exists to group undergraduate class levels as follows:
 - Lower Division = Freshperson, Sophomore, Spec Status-U
 - Upper Division = Junior, Senior, Limited

Cautions:

- Although this certified report mimics a UCSC Office of Institutional Research and Policy Studies “Fact Sheet”, the official published report can be found at <http://planning.ucsc.edu/irps>

This report has passed the UCSC Data Warehouse's Report Certification Process (see http://planning.ucsc.edu/DataMgmt/dwh/bob/corp_docs.htm). Any user customizations that change the dynamics, functionality or purpose of the report negate the certification status. In such event, please remove all marks of certification from each report tab.
