Filler		This class contains several null (empty) value objects in a variety of formats for use in Union Queries, to act as filler when needed to balance both sides of the query.

Class Name	Object Name	Description
Course Sections	CS Academic Year	YYYY-YY format Summer term is first
Course Sections	CS Term Code - alpha	Single digit alpha code. F = Fall, W = Winter, S=Spring, X=Summer
Course Sections	CS Term Name	Name of academic term. F=Fall, W=Winter, S=Spring, X=Summer
Course Sections	CS Term Name and Year	Name and Year of Term. Ex. Fall 2008
Course Sections	CS Subject Code	
Course Sections	CS Course Number	
Course Sections	CS Section Number	
Course Sections	CS Subject Course Section combined	This object combines the Subject Code, Course Number and Section Number for use as a single value. Ex. AMS-011-01
Course Sections	CS Subject Course combined	
Course Sections	CS Subject Name	
Course Sections	CS Section Type - Custom	If section is "for credit" then "Primary" else "Secondary"
Course Sections	CS Course Level	Categorizes courses into Lower Division, Upper Division, or Graduate course levels
Course Sections	CS SCiiPI Sect No	Unique transactional record in SCiiPI that identifies each section. Cross-listed courses share the same Sect No.
Course Sections	CS AIS Course ID	
Course Sections	CS AIS Course Offering Nbr	
Course Sections	CS Course Title	
Course Sections	CS Course Title - Latest	The most recent course title for use in longitudinal reporting.
Course Sections	CS Class Activity Code	
Course Sections	CS Course Activity Group	Following methodology used by Institutional Research office, this object groups Class Activity Codes into 3 areas: Regular, Secondary, or Individual.
Course Sections	CS Course Activity Group - APO	Following methodology used by Academic Personnel office, this object groups Class Activity Codes into 2 areas: Regular and 'as is'
Course Sections	CS Xlist Ind	
Course Sections	CS Enrollment Below Minimum Size	"Y" indicates that the course enrollment was below minimum size. Less than 12 for Lower Division courses, less than 8 for Upper Division courses.
Course Sections	CS Enrollment attributed	In a section, instructional workload is attributed based on the role of the instructor. If the instructor serves a Primary role, the enrollment is split by the number of Primary instructors. If the instructor serves a Supervisory role, the enrollment is split by the number of Secondary instructors. If there are only Secondary instructors, then enrollment is split by number of Secondary instructors. If there are non-UCSC instructors the enrollment is to total for section.
Course Sections	CS Enrollment - whole	Use this object only in condition statements of a query when determining "enrollments less than" or "enrollments greater than" a specific amount -- irrespective of cross-list. DO NOT INCLUDE IT AS AN OBJECT FOR DISPLAY IN A REPORT -- the resulting amounts will be overstated for cross-listed courses or sections with multiple instructors.
Course Sections	CS Section Count - split xlist	Are cross-listed courses counted as 1 or 2 or 3 sections? Yes, all ways. But still need to fractionalize by instructor.
Course Sections	CS Student Credit Hours - Fraction	
Course Sections	CS Units - maximum
