

Class Name	Parent Class	Class Description
Employees		The "Employees" class contains basic employee information for all workers compensation claimants.
FTE Rates		Do not use the Org Rates and Title Code rates in the same query, nor with any objects from other folders. The are presumarrized, so the amounts will be overstated if mixed together.
Org Heirarchy		The "Org Hierarchy" class is a "flattened" version of the Banner organization hierarchy. This new hierarchy class permits reporting on all 8 levels of the hierarchy, including service center hierarchies that have varying data entry levels. By including org codes and title from the various levels into a query and setting a condition on the desired level of reporting, hierarchical reports can be created very rapidly.
Org Details	Org Heirarchy	
Org Heirarchy - more...	Org Details	The "Org Heirarchy - more" class contains supplemental data to be used in conjunction wit the "Org Heirarch" class.
Title Codes		The "Total Codes" class contains all title codes, descriptions, and related information.
Claims		The "Claims" class contains worker compensation claim data. Data is loaded on the first of every month and covers the pervious five accademic years.
